## Reporting Requirements

Specific reporting requirements for awards can be found on the [ONR Manage Your Award](#) website. Please note, there is a pending DOD policy decision to require the *Federal-wide Research Progress Performance Report (RPPR)* for all interim, annual and final technical reports. Currently, ONR Interim Progress Reports are entered via the [Army Research Office \(ARO\) website](#), but ONR only collects RPPR for grants and cooperative agreements, not contracts. See [ONR RPPR Instructions \(March 2020\)](#) for details. The RPPR standardizes online reporting fields DoD-wide. While the purpose of these reports is to gather data and information regarding scientific and technical progress on the project, investigators may also be asked to update information previously provided in the biographical sketches or current and pending support submitted at the proposal stage. This checklist will be updated as more specific guidance and information is available.
