Grants.gov and Login.gov

In the January 2022 Grants.gov Newsletter, they note beginning February 21, 2022, users will be required to login using their Login.gov credentials.

What is Login.gov? Login.gov is a secure sign in service used by over 60 applications at 17 federal agencies, including Grants.gov, allowing users to access multiple government websites with a single username and password.

To create a Login.gov account and link your Grants.gov account, follow these steps:

- Access [www.grants.gov](http://www.grants.gov) – select “Login.gov” on the right:

- Select “Create an Account”:

- You will be asked to provide your email address, then you may establish:
  - Password
  - Authentication method (such as a one-time code sent to your phone or an authentication app)

- You are then directed back to Grants.gov homepage—login using your Grants.gov username and password. This completes the account linking process. Next time you go to Grants.gov, login using Login.gov credentials, and you will automatically be logged into Grants.gov.
For those who have an existing Login.gov account they wish to link to Grants.gov, follow these steps:

- From Login.gov page, select “Sign in”.
- You are then directed back to Grants.gov homepage– login using your Grants.gov username and password. This completes the account linking process. Next time you go to Grants.gov, login using Login.gov credentials, and you will automatically be logged into Grants.gov.

Other Federal agencies may require Two-Factor Authentication for administrators in the future to access their systems. As information is announced, we will communicate and provide additional guidance.
