MIT Systems Process Flow

```
MIT HR

CITI Training
COI, RECR, IRB            →    Kuali Coeus    →    MIT SAP

                                              →    MIT Data
                                                   Warehouse

                                    ↓

Proposal        →    Institutional    →    Negotiation    →    Award    →    Subaward
Development          Proposal
```

| Conflict of Interest | COUHES Connect | CAC Connect | Agreement Module |

Conflict of Interest is a companion application that tracks & records financial COI's for all PI's, CO-I's and some Key Persons named on proposals.

COUHES Connect is a companion application that allows investigators to manage their human subject protocols.

CAC Connect is a companion application that allows investigators to manage their animal use protocols.

Agreement Module is a companion application that allows Investigators and Administrators to submit Non Disclosure, Data Use Agreement and Material Transfer requests.
