Supplemental Proposal Routing Form
Netherlands Organization for Scientific Research
Rubicon

MIT Faculty Host: _____

Fellow Name: _____

Fellow Project Title: _____

• •

Because the NWO-Rubicon requires that we grant certain IP rights to them, we need to review the fellow's project description against all of the research projects in the faculty host's lab to determine if there is overlap.

Please provide a list of current, pending and anticipated research awards to your lab, indicated whether you believe there is an overlap between the fellow's project and the research project supported by the award. (Continue to a second page as necessary.)
