.....

**IMPORTANT! PRINCIPAL INVESTIGATOR PLEASE TAKE NOTE:** Marie Skłodowska-Curie Fellowships require MIT to grant joint ownership of intellectual property (IP). Therefore, any overlap between the Fellow’s project and your own research could (a) prevent MIT from fulfilling obligations to your other sponsors and/or (b) inhibit your ability to license the IP to your startup, or elsewhere. **We will need to resolve any overlap to host the Fellow or Visiting Student.**

Please provide a list of ALL current, pending and anticipated research awards to your lab, indicating whether you believe there is an overlap between the fellow’s project and the research project supported by the award. (Continue to a second page as necessary.)
